

Grade 12 Assembly

Class of 2022!

University and College Applications

Most are online & will have a fee.

For Universities in Nova Scotia and NSCC, you will give them your 10 digit Provincial Student Number & will not need to send a transcript.

University: February (check deadlines, some are earlier)

NSCC: ASAP (limited enrollment in many programs)

Ontario Universities: www.ouac.on.ca

US Universities & Colleges: SAT's - check online

Transcripts

Every post-secondary application requires that a student's transcript be forwarded with the application.

If you are applying to most institutions in Nova Scotia, this can all be done by ensuring you include your 10-digit provincial student ID # on your application.

If you are applying to institutions **outside of Nova Scotia**, you will need to request your transcript in Student Services and you will be responsible to put a stamp on it and mail it to the university or college yourself. Each transcript is sealed in an envelope and cannot be opened by the student. Opening the sealed envelope makes it "unofficial" and will likely not be accepted by the university or college.

The first 5 transcripts are free, after that they are \$1 each. **NOTE: Applications to post-secondary institutions will be considered incomplete if they have not received an official transcript.**

Students are given copies of their transcript **at graduation** to forward to their intended post-secondary institution. As mentioned above, students who have submitted their provincial student ID # on their application will have their transcripts automatically retrieved by their institutions [within NS](#).

Post-Secondary Visits

University & Post-Secondary Institution Visits

Fully vaccinated representatives from the universities and other post-secondary training facilities will be permitted to visit DHS this year. Post-secondary websites are still a great resource for questions. They will also be running various podcasts and webinars that you will be able to sign up for and attend online. As well, most places will be booking online one-on-one sessions with a representative if you request this. Make sure you are regularly checking their websites!

Support for families on Employment Support and Income Assistance (ESIA)

The Educate to Work for ESIA Dependents Program provides financial assistance to your dependent child to help them reach their career goals. The program supports dependent children of ESIA clients, living in Nova Scotia, to attend eligible programming at NSCC. Youth applying to the program must be an ESIA dependent child at the time of application.

Social Media

A picture may be worth a thousand words, but if you would not want your parent or grandparent to see a photo - thus, no profanity, alcohol or drugs, or nudity - you probably do not need a university scholarship committee, sports recruiter or prospective employer seeing it either! Think before you post.
